Rev. Waterman left Wednesday for De Soto, where he united in marriage Henry J. Frecholz and Emily Bath. Rector Britain delivering a short sermon in his usual felicitous vein. He took part in the evening church service, returning at a late hour, after having spent a very pleasant day. He reports the church people there as very friendly.

The REGISTER is in receipt of the St. Louis Railway Club containing an address delivered by Mr. B. W. Frauenthal, Manager Union Station Bureau of Information, at a recent meeting of the club. The paper is interesting, instructive and amusing—a credit to its author, who has again demonstrated his ability and versatility. Yes, indeed, Barney is all right.

Mrs. Mary C. Russell who was sentenced to serve ten years in the Penitentiary for complicity in the murder of her husband in 1895 was today pardoned by Governor Dockery. It is the custom of the Governor to pardon three long term convicts on the Fourth of July, Thanksgiving and Christmas, making in all nine during each year.—*Reynolds County Outlook*.

A conductor on one of the local freights was recently called to De Soto by the officials, and asked to explain why the locals could not get over the road these days, and also asked to make any suggestions he could, that would likely improve the service. His reply was: "Well, a new depot is badly needed at Ironton. The one now there is in no way equal to the demands of the business done at that place." And the conductor was eminently correct.

Miss Alta Kindell gave a birthday party on Nov. 29th, in honor of her sixth birthday. The dining room was decorated with pink and green and the tables were decorated with green foliage. The room was darkened and lamps lighted while they luncheoned. The little hostess cut the first slice of cake, and every child found a doll in their cake. A thimble tied with pink ribbon was given to every little girl as a souvenir, while a rubber ball wrapped in pink paper was given to the boys. All reported a good time, and wish many happy returns of the day.

An entertainment, under the auspices of the Ironton public school, will be given at the Academy of Music, Friday night, Dec. 20th. The exercises will consist of a short program, given by the pupils of the school, followed by a spelling contest. This contest will be in two parts. The first one will be open to all who may wish to spell. In the second contest words will be given from the spelling book in use in the school. The second contest will be open only to "old folks." In this match words will be given from Webster's Elementary Speller, the old "Blue-book." The REGISTER offers one year's subscription as a prize to the best speller in the second contest. All are cordially invited to attend. The proceeds of the entertainment are for the benefit of the school laboratory. Admission, 15, 20 and 25c.

A man giving his name as Thos. Davis, and who says his home is in St. Louis, was badly shot on a freight train near Bismarck last Friday evening. According to the story told by Davis and two companions the shooting happened in this way: Davis was getting into a car loaded with logs, and while he was getting over the logs a revolver, which he carried in a belt around his body, was jerked from the belt and fell to the floor. The weapon immediately discharged and the ball entered Davis' body just below the heart. At this time the train was leaving Bismarck and the wounded man was put off when he got here. Dr. Marshall was summoned and took care of the injured man until the arrival of the morning train, when he was sent to St. Louis. Davis had about \$30 with him and was disposed to pay his way. The ball first struck a gold watch Davis was carrying in his pocket and badly shattered the case. Dr. Marshall regarded the injuries as very serious and probably fatal. Davis was not inclined to talk, and refused to give any information regarding himself.

The new Presbyterian Church building will be open to the public next Sunday, Dec. 8. A cordial invitation to attend the opening meetings has been extended to all the churches of the community and has been accepted by them. They will be present to assist in at least two of the services. The same cordial invitation is extended to everybody in the neighborhood, whether members of the church or not. A special program is being prepared for the occasion, and every effort used to make the meetings entertaining and helpful. Vocal and instrumental music will be furnished by the best local talent. There will be three services, one in the morning at 11 o'clock, one in the afternoon at 3 o'clock and one at 7:30. The pastor will preach at the morning service, and Rev. W. A. Humphreys of the Fort Hill church in the afternoon, and Rev. Geo. Steel of the Baptist Church at the night service. The sermons will be along lines suggested by the occasion. Other speakers from the laity will be heard, and the financial situation will be explained and the claims for assistance plainly laid before the people. Let everybody attend and make these meetings a complete success.

A real estate agent in this town recently received the following letter, which the REGISTER deems sufficiently important and pleasing to warrant its printing. The subscribers to the document are two gentlemen from Illinois, on the look-out for a stock farm. It is well sometimes to "see ourselves as others see us," no matter how distorted the vision of the "others"—and we can call it distorted at our pleasure, you know.

How to Cure Croup.

Mr. R. Gray, who lives near Amenie, Duchess county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine children's remedy for croup and never fails to cure." When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the Cough Remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by Arcadia Valley Drug Co.

Meredith-Mulley.

The marriage of Miss Georgia Ellen Mulley of Ironton, Mo., and Dr. Joseph J. Meredith, of St. Louis, took place Thursday morning, November 28th, at the residence of the bride's uncle, Mr. Wm. T. Gay, of Ironton. The ceremony was performed by Rev. Thomas Marshall in the presence of the relatives and intimate friends of the couple, many of whom were from St. Louis and neighboring cities. The house was beautifully decorated with plants and flowers, pink and white roses predominating. The bride was attended by her cousin, Miss Mae B. Gay, who came home from Hardin College especially for the wedding. The groom was accompanied by his brother, Dr. Perkins Meredith of St. Louis, as best man.

The bride wore white Paris mouslin en train, trimmed in narrow satin ribbon and duchess point lace. The only jewels worn by the bride was a handsome diamond sunburst. She carried a bouquet of long-stemmed bride's roses. The maid of honor wore a girlish gown of white, and carried a large bouquet of pink roses. Immediately after the ceremony an elegant breakfast was served, followed by a large reception, at the close of which the bride and groom, mid a shower of rice and other tokens of good will, left for a short wedding journey. Upon their return they will reside in St. Louis, at which place they will welcome their friends after December 15th.

Editor Lynch of "Daily Post" Phillipsburg, N. J., has tested the merits of Foley's Honey and Tar with this result: "I have used a great many patent remedies in my family for coughs and colds, and I can honestly say your Honey and Tar is the best thing of the kind I have ever used and I cannot say too much in praise of it." Whitfield & Co., 240 Wabash avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of this, says: "We recommend Chamberlain's Cough Remedy for a gripe in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of a gripe to result in pneumonia." ### The Arcadia Library.

Ed. Register:—In last week's REGISTER there appeared an item in regard to the amount of money collected for the Arcadia Public School Library. We wish to say that our people have been even more liberal in this matter than the article indicated. To date, there has been collected \$54.48, and we learn that the work still continues. Our people are more generous, we believe, in supporting their library than any other district in Iron county. The library contains about 125 well selected volumes, besides considerable supplementary reading in pamphlet form. The library case has been repainted and glass panels added to the doors, books all listed and things generally put in order.

We should be pleased to hear through the REGISTER what other districts are doing in the interest of their Public School Library. A FRIEND.
